WEDDING BELLS

POIRIER-BELANGER

On Monday, January 15th, Mr. Felix Poirier, the son of our local merchant, Mr. H. J. Poirier, led to the altar, in the Church of the Sacred Heart, Miss Alice Belanger, daughter of Mr. and Mrs. Edgar Belanger. Rev. Father Huet officiated at the charming ceremony, a large number of relatives and friends being present. Mr. Adrien Gagnon, cousin of the bride, acted as the best man, and Miss Diana Belanger, sister of the bride acted as bride's maid. The bride was charmingly attired in a Navy blue tulle suit, decorated with a bridal wreath. The bride's maid wore a dark red velvet suit.

After the ceremony at least thirty cutters were seen driving to Mr. Belanger's where a sumptuous dinner was served. The afternoon was spent in a happy social manner with games, songs and recitations. On returning to town, supper was served at Mr. Poirier's residence, where a number of relatives waited them with rich and costly gifts. Over 80 guests were present for supper.

After supper a dance was given in the Oddfellows hall. The Chauvin orchestra rendered excellent music.

At the Chauvin school, a dance was given in the school hall, the dance continuing until 3.30 in the morning.

On Thursday, Mr. and Mrs. Felix Poirier left for a honeymoon trip to Monteville and Riviere Qui Parre to spend a couple of weeks visiting her old home. On returning they will reside in town at Mr. H. J. Poirier's residence.

We wish them a long and happy life in our midst.

OPENING OF LEGISLATURE

The opening of the Alberta legislature will take place on Tuesday, January 23rd. From present indications it is not expected that the session will be a lengthy one. The first bill of the session was filed with the clerk of the house last week, being a private bill to incorporate the Alberta Association of Municipal Districts.

JAN 20--NINETEEN SKIDOO

We are now over the worst of January; the worst of the winter; the worst of the High Cost of Living; and the worst of the hard times--Who said the worst is yet to come?

Most of us are here doing business--not as usual--but on a most economical scale. Economy for both sides of the counter--buying closer and more carefully--selling cheaper, and more of it. Kodaks and films are sold here at Toronto prices.

We carry a complete stock of Drugs and Patent Medicines including Nuxal medicines, Rxal remedies, and National Drug preparations. Stationery is a heavy line with us and we carry a good stock of the better goods including School Supplies and School Books.

We test eyes and fit glasses, where glasses are indicated, where they are not indicated we sell advice only.

Mail orders sent out the same day they are received.

ENTHUSIASM PREVAILS AT BURN'S CELEBRATION

A right royal happy time was spent by all who availed themselves of the privilege of attending the Burn's Celebrations at Chauvin last Wednesday evening. Despite the intense cold of the blizzard night a large number of guests were present from both country and town. We can truly say it was the worst night we have yet experienced this winter.

The hall which was decorated by a large St. Andrews Cross flag provided for festive tables laden with good things to eat and drink. To the stirring strains of the bagpipes played by our veteran Jeff Swan, the "Highlanders" were proudly marched around the table.

After grace had been said by Rev. Capt. McDonald, the "hagbills" and other vendors suffered severely from the onslaught. But there was aplenty and to spare. After a toast to "The King" had been honored a toast to the "Immortal Memory of John Burns" was proposed by Rev. Capt. M. T. H. Armour. He referred to the influence that had been spread throughout the past 161 years by Bobbie Burns. The naturalness of the poet unlocked the tenderness and best feelings of the hearts of men. Robert Ingersoll had stated that Burns was "the greatest of the Scotchmen and the greatest of the world."

Next toast, proposed by J. A. MacKenzie. He described the Scotch as being abroad, and preferring to hear to be heard, being men of deeds, he referred to the loyalty, drawing instances from history, and related how the Scotch emigrants of 100 and 150 years ago in Eastern Canada had preserved the fine Scotch traditions and characteristics.

Rev. Capt. MacLeod, in responding to this toast brought smiles to the faces of all by relating some very humorous stories, after which in a more serious strain he related how the Scotch were one of the few people who had never lost their native land. He described the Scot as an able fire handler, and also a philosopher of death, as a poet hold the mirror of nature to man. Scotland, he added, gave to her sons a mother's love and devotion, all so a splendid training. Her sons gave her loyalty in return. Her children made good.

"Canada" was proposed by Rev. W. Minar in a graphic speech dealing with the resources of the Dominion. C. C. McKeechnie responding to the toast with a brilliantly interesting capitulation of the history of the Dominion.

"The Lassies" were toasted after a richly humorous speech by Dan Ferguson; to which D. W. MacLeod responded by summarizing that "but we love them all."

A short program was then given: Song: "The Star of Robbie Burns" by Miss Ina Armour.

Reading: "Tam O'Shanter" by Mr. Alex Taylor.

Song: "Aton Water" by Mrs. H. Young.

Musical Fantasy: by Mrs. D. W. Parcells.

Recitation: "An Ode to Burns" by Miss Jean MacParron.

Reading: "Ode to a Daisy" by Mr. Stewart.

Then followed a real good old Scotch dance. One step, two steps, and fox trots gave place entirely to the real thing. Everybody enjoyed the time of their life. Interspersed (Continued on foot of next column)

RESPONSIBILITY FOR LIQUOR LAW ENFORCEMENT

According to a recent statement by Commissioner E. S. Bishop, there is a certain amount of confusion in the public mind regarding responsibility for the enforcement of the liquor laws. This is explained by the commissioner as follows:

Throughout the province as a whole, outside cities and larger towns, responsibility rests with the Alberta Provincial Police. In connection with this force there is organized a special liquor squad, in order to increase their efficiency in this branch of their duty.

In cities and towns, this responsibility rests on the municipal police and civic authorities. This arrangement between provincial and municipal police was made mainly in the interests of economy and to prevent unnecessary over-lapping. The ultimate responsibility for the maintenance of all law and order, however, in urban and rural communities alike, rests with the attorney general, and he may, if circumstances justify it, utilize provincial police within a municipality.

PROSECUTION OF STILLIS

In the case of illicit manufacture by means of stills, or "moonshining," these offences come under the Inland Revenue Act, which is Federal law.

It is a well known fact that the enforcement of this law rests with the Dominion government officials, such as Royal Canadian Mounted Police, and officers of the department of inland revenue, whose instructions come from Ottawa. In order, however, to deal more effectively with this kind of offence, which is one of the most prevalent and troublesome form of violation of liquor laws, special arrangements have been made between the department of the attorney general of Alberta and the department of inland revenue, Ottawa, whereby some twenty-five Alberta police have been duly appointed special officers of the department of inland revenue. These men have been carefully stationed throughout the province in order to make their services available where necessary. Co-operating as they do very closely with all provincial police officers and inland revenue officers, there has been a marked increase in the efficiency of the joint force in dealing with this abuse.

The division of responsibility between municipal, provincial and federal police forces, if better understood would help the public to understand the conditions under which these laws are enforced. There is a greater degree of co-operation today than ever before. The result is the definite success in securing results, and this improvement will, no doubt, be more manifest in the future.

CALGARY BYE-ELECTION

In the bye-election in Calgary to fill the vacancy caused by the death of the late H. C. Edwards, the successful candidate was W. M. Davidson, a former member of the house. He will occupy the seat on the independent benches that had been filled by Mr. Edwards.

with the dancing was "folk-singing." Material assistance was given by the use of the song sheets provided to each guest by the Chauvin St. Andrew's Society.

ANNUAL MEETING OF THE CHAUVIN SCHOOL DISTRICT

(Continued from preceding page)

There was only one change in the teaching staff during the year. Mr. Laws having resigned, the position L. E. Boucher as principal at a salary of \$1500. Both your teachers were signed for the term of one year.

The north line of the school grounds was fenced during the year, and two areas leased for crop only.

There were a few minor complaints mentioned verbally during last term:

and these were taken up with the teacher, and have been satisfactorily adjusted so far as your board is aware. Your trustees paid official visits to the schools as follows: Dr. Folkins; Mrs. Saul; 10 or more; Mr. Foxworth, several.

There are quite a number of changes in regard to the assessment for next year; chief of which are that we can no longer assess farm improvements; and the values of unimproved lands must be lowered or raised to correspond with the assessed value as set by the municipal district. This means a new assessment of the whole of the district.

Commencing with this month, school fees are to be charged pupils of the higher grades from outside districts.

All of which is respectfully submitted

FAMOUS LAST WORDS

"I forget whether she said her husband was going to be home tonight or not, but I'll take a chance."

"I'll not my horn to let the train know I'm approaching the crossing."

"I'll drink anything once."

DON'T SMILE AT THESE

"Who wrote Hamlet?" asked the teacher.

"Please sir I didn't do it," said the boy.
Later, the teacher met the lad's of his own mischievous habits. So father and told him what the boy had said. The father had never troubled about education himself, but he knew his son's mischievous habits. So he went to the teacher and replied: "It's his mother! I'll bet my teeth he did write it!"

Secretly: "Now, then, don't you see how I go to hold a rifle?"

Recruit: "I've run a splinter into my finger." (exasperated): "Oh, you have, have you? Been scratchin' your head, I suppose!"

Daddy came home from the office early one evening, and mother had not returned from some friends whom she had been visiting for 60.

A little four-year-old Gwendie ran up to her father's side.
"Daddy," she cried, "I've been waiting to see you for a long time when mother's not near."

"Why, my little girl?" asked the father.

"Well, dad," answered Gwendie, "I don't don't tell mother, because she's an awful dear, but I don't think she knows much about bringing up children."

"What makes you think that?" asked her father.

"Well," replied Gwendie, "she makes me go to bed when I'm wide awake and she makes me get up when I am awful sleepy."

The leading negroes of a Georgia town started a bank and invited persons of their race to become depositors. One day a darkey, with shoes run down at the heels, a saloon over one shoulder, and a cotton shirt over one up of the cashiers window.

"See here," he said, "Ah want mah ten dollars."

"Who is yuh?" asked the cashier.

"Mah name is Jim Johnson, an' ah wants dat ten dollars."

"Yuh sint got no money in dis here bank," said the cashier, after looking over the books.

"Yee I has," insisted the visitor. "Ah put ten dollars in hear six months er go."

"Why man yuh shure is foolish. De intrist done at dat up long er go."

"Time is money," so they say, Yet if this is so,

How is it that "Time is short?" We would like to know.

THE WHEAT BOARD

Everything possible will be done this year to establish a compulsory wheat board for the handling of the 1923 crop in Alberta, declared Premier Greenfield in a declaration before the annual convention of the United Farmers in Calgary last Tuesday. The Alberta Government he stated was prepared to pass the necessary order-in-council extending the wheat board legislation for another year and was also prepared, together with the other prairie provinces, to ask an extension of the federal legislation.

Premier Greenfield made it plain, to the convention, however, that he was opposed to the compulsory wheat board as a permanent policy, and believed that the problem of marketing of grain, and also of livestock, would be solved by some plan of voluntary co-operation.

Later on, the convention passed a resolution favoring an all Alberta wheat board for the marketing of wheat from this province via the Pacific port should the wheat board first proposed fail of operation.

A Mogul 1 1/2 h.p. Gas Engine has been running regularly in the Chauvin Chronicle office for the past four years. Its task is to drive the following machinery: Linotype, Platen Press Large Cylinder Press, and Electric Light Generator, (lighthing three buildings). It is commonly driving two of these machines at once, and has never balked when called on to drive the entire bunch together. After the four years it is still in first class running order. You are invited to call in and inspect it at any time. Should you be requiring an engine that will give you the maximum service you can do no better than to examine the . . . FAMOUS I. H. C. EDGERTON NOTES

"It pays to advertise"

Several of our townsmen journeyed to Wainwright Friday evening to see the Utley-Wainwright hockey game. Wainwright has a good hockey team.

Messrs Huntingford and Dunsmore were Edgerton visitors Thursday evening for the purpose of installing the officers of Lodge No. 109, I.O.O.F. for this term. The following are the elective officers: J.P.G., R. Hulland, N.G. N. Davidson; V.G. C. Tennant; R. and F. Secretary H. E. Wheeler; Treasurer P. T. M. Milne.

J. W. Kennedy and Ivan Foster were visitors in Edmonton last week. While in the city both took in one of the plays running there and gave the cast and the play the once over. Waller's elucidation of the 'dues' worn by the feminine section of the cast shows that he is right at home in this particular branch. We cannot announce, at the end of the J. W. Kennedy & J. W. Foster's further in this just at present.

Under the auspices of the curling club, we hear that a few of our dramatic artists are faithfully rehearsing a little skit that they intend to present in the near future, for the purpose of wiping off the debt on the new rink.

We have not been let into the secret but hope to have a very important message for you next week in connection with this and may be able to give you a big long echo.

"It pays to advertise." Sure it does.

A. E. Ripley has returned from a rather extended holiday and reports having had a glorious time.

R. Hulland had the misfortune to slip on the ice in the curling rink and sprain his ankle. He is improving slowly and will soon be O.K. again. It would be a joke Ron. of you had to chase one of your pupils.

Tom Backus has been on to sick list but is improving. It seems there are quite a few who are not feeling up to to mark but we are pleased to report that there is nothing serious.

L. Pickard and family, who recently came from Scotland, ave rented and moved into rooms in the Jackson block. We learn that Mr. Pickard was one of the Imperial "contemptibles" who went to France with his regiment in August 1914.

"It pays to advertise." Absolutely.

Several Edgerton ladies called on Mrs. Doyle Tuesday evening to celebrate her birthday. She is 84 and still bright and cheery. Needless to say, she was delighted to think they had not forgotten her.

Mrs. Wolf, who recently underwent an operation in Edmonton, is renewing acquaintances again in our little burg. She is feeling fine now.

H. Witherell and H. C. Boyd were business visitors to Wainwright last week-end.

What would you call a fair beasin' in curlin'? Oh, a score of 15 or 16 or 17 to 1.

NOTES OF THE U.F.A.

CONVENTION; CULLED FROM THE DAILY PRESS

The warning uttered by Hon. J. E. Brownlee, attorney general that the credit of the province of Alberta would be endangered, deterred the convention from passing a resolution favoring the extension of the Drough Relief Act to cover the northern part of the province.

A note of optimism was injected into the convention which had been talking of the millions of farmer indebtedness and the impossibility of the farmers paying out, by Hon. Mrs. Irene Parib, minister without portfolio in the Greenfield government. She urged that the farmers buck up and look forward to the next year with optimism, determined to do better for themselves. It was an encouraging address.

A resolution favoring the establishment of a provincial bank was passed almost unanimously.

George Bevington, of Winterburn, C. H. Harris of Oyen, and H. C. McDaniel, of Whittla were elected as members of the executive committee.

It was stated in convention that of the \$6,000 farmers in Alberta 20,000 were insolvent. The farmers owed the government \$5,000,000 for seed, feed and food; and also unpaid taxes estimated at \$1,000,000.

No support for the policy of "broadening out" was given in convention.

The U. G. G. cattle pool plan having been explained by Mr Rice Jones, was unanimously endorsed.

It was resolved that the convention reaffirm its adherence to the principle of economic group organization.

A resolution that the news of the day be printed in the U.F.A. was turned down because of the added expense.

The convention favored the establishment of grading, storage and terminal elevators at Edmonton.

Considerable disapproval was voiced against holding the convention in the south this year.

H. W. Wood, who has served seven years as president, was re-elected to that office.

NOTES OF THE U.F.A.

CONVENTION; CULLED FROM THE DAILY PRESS

The warning uttered by Hon. J. E. Brownlee, attorney general that the credit of the province of Alberta would be endangered, deterred the convention from passing a resolution favoring the extension of the Drough Relief Act to cover the northern part of the province.

A note of optimism was injected into the convention which had been talking of the millions of farmer indebtedness and the impossibility of the farmers paying out, by Hon. Mrs. Irene Parib, minister without portfolio in the Greenfield government. She urged that the farmers buck up and look forward to the next year with optimism, determined to do better for themselves. It was an encouraging address.

A resolution favoring the establishment of a provincial bank was passed almost unanimously.

George Bevington, of Winterburn, C. H. Harris of Oyen, and H. C. McDaniel, of Whittla were elected as members of the executive committee.

It was stated in convention that of the \$6,000 farmers in Alberta 20,000 were insolvent. The farmers owed the government \$5,000,000 for seed, feed and food; and also unpaid taxes estimated at \$1,000,000.

No support for the policy of "broadening out" was given in convention.

The U. G. G. cattle pool plan having been explained by Mr Rice Jones, was unanimously endorsed.

It was resolved that the convention reaffirm its adherence to the principle of economic group organization.

A resolution that the news of the day be printed in the U.F.A. was turned down because of the added expense.

The convention favored the establishment of grading, storage and terminal elevators at Edmonton.

Considerable disapproval was voiced against holding the convention in the south this year.

H. W. Wood, who has served seven years as president, was re-elected to that office.

The establishment of a wheat board to handle the 1923 crop was favored by the convention. An all Alberta board to ship wheat westward was also discussed.

RAILWAY WORK TO PROCEED

Following the completion of negotiations between the provincial government and the Union Bank, mortgages of the McArthur railway interests in Alberta, it will now be possible to proceed with the extension of lines in the Peace River and Grand Prairie districts, and some of the work will be started next spring, it is announced by Premier Greenfield. Corpl. Duncan being absent, prevented his being taken into custody as a suspect in the late Denver mint hold up. Songs were rendered by Mr. H. Johnson, also by Miss Shoupe and Miss M. Thomas. Mr. W. Thorpe acted as organist and Mr. H. Warrington as chairman. Poems were recited by Nell Lacey, Hugh Lacey Bill Jones and Miss Thomas.

A conference on unemployment was held in Calgary last week, at which Premier Greenfield declared that he believed every able-bodied man would find a job this winter, since a good deal of work was carried on by the government as well as other agencies. Contracts for bush, timber and tie work had absorbed unemployment at Edmonton, and there had been further calls for men. Railway work was also to be undertaken.

EDITORIAL COMMENT

There was no mistaking the feeling regarding the Colonization scheme at a recent meeting at Leamholme. It was unanimously felt that conditions should be made better for those already here, rather than to encourage others to come. There is much to be said in favor of this viewpoint.

However, we cannot help but feel assured in our own mind that the influx of some fifty to hundred good experienced farmers with a fair share of capital into this district, would be beneficial alike to themselves and to ourselves. There is room for them and their produce, without having the slightest adverse influence upon ourselves.

If our good friend Mr Love is to be heeded, and we are not doubting his word, there are places just south of the international boundary line where the farmers burdens are greater than our own. Surely to such men we can offer appreciable advantages? And at the same time, we learn that South Africa, Australia, Tasmania and New Zealand are winning the lion's share of Great Britain's moneyed emigration by a forward policy, much to Canada's loss. From all information received we have no hesitancy in stating that we have superior advantages to offer than any of the southern hemisphere Dominions.

It's not about time we quit to cry, and cry again, "Sinking Fish." Infinite permanent harm has already been wrought, and more will be done if we continue.

Gravestones, overalls, chemicals, metalwork, confectionery, butter and dairy products, ladies and gents wear, biscuits, and a large number of other things are already being manufactured in Edmonton. What we need is an encouragement to other such manufacturers to start operations in our midst. There are a number of articles of everyday use in our western country upon which the difference of the freight rates on raw and finished materials is so much as make it profitable for these articles to be made in our midst. A scheme of immigration that would develop our west in this manner is surely worth our most serious consideration.
